

REMARKS

Applicants respectfully request favorable reconsideration of this application, as amended.

Independent Claims 1 and 11 have been amended for clarity in view of the Examiner's comments in the Response to Arguments set forth in the outstanding Office Action. Specifically, in order to emphasize the distinction from Kaneda pointed out in the previous Amendment dated May 13, 2008, Claims 1 and 11 have been amended to change the term memory information to data. Accordingly, it is apparent that Claims 1 and 11 define patentably over Kaneda for reasons set forth in Applicants' Remarks of the aforementioned Amendment. Specifically, in contrast to Applicants' invention, Kaneda does not teach or suggest a memory cell associated with each logical address including a piece of data.

Claims 8 and 9 also have been amended to address the outstanding objections. Withdrawal of the objections is respectfully requested.

In view of the foregoing, this application is believed to be in condition for allowance.

A prompt Notice of Allowance is respectfully requested.

The Commissioner is hereby authorized to charge to Deposit Account No. 50-1165 (XA-10493) any fees under 37 C.F.R. §§ 1.16 and 1.17 that may be required by this paper and to credit any overpayment to that Account. If any extension of time is required in connection with the filing of this paper and has not been separately requested, such extension is hereby requested.

Respectfully submitted,
